

FLOURISH

WELCOME

Dear Mentors —

More and more discipleship and mentoring are a vital need in the Church. We are so honored that you chose to join us for this next Flourish journey through Passion City Church. By saying yes to Flourish you serve women and their desire to learn more of Jesus, learn from a woman ahead of them, and see life change and growth as they apply valuable lessons to their daily lives!

Our team is excited to spend this time together discussing some important foundations for a successful mentoring year. Besides the Mentor Guidelines section at the end of your Flourish book, this folder provides some extra information we wanted you to have. Thank you for noting and practicing these ideas as you go forward - besides your passion and commitment to mentor, these efforts will assist you in navigating the journey. After these years watching many journeys and troubleshooting, we have learned they are key to providing you with guidance, but also to help prevent you from having evitable issues.

Our team is just an email or phone call away. Please remember that we are in this with you and in case you have any needs, questions, concerns, need of guidance, etc., we are here for you.

Grateful for you!

The Flourish Team: Daniele, Susan and Dani.
